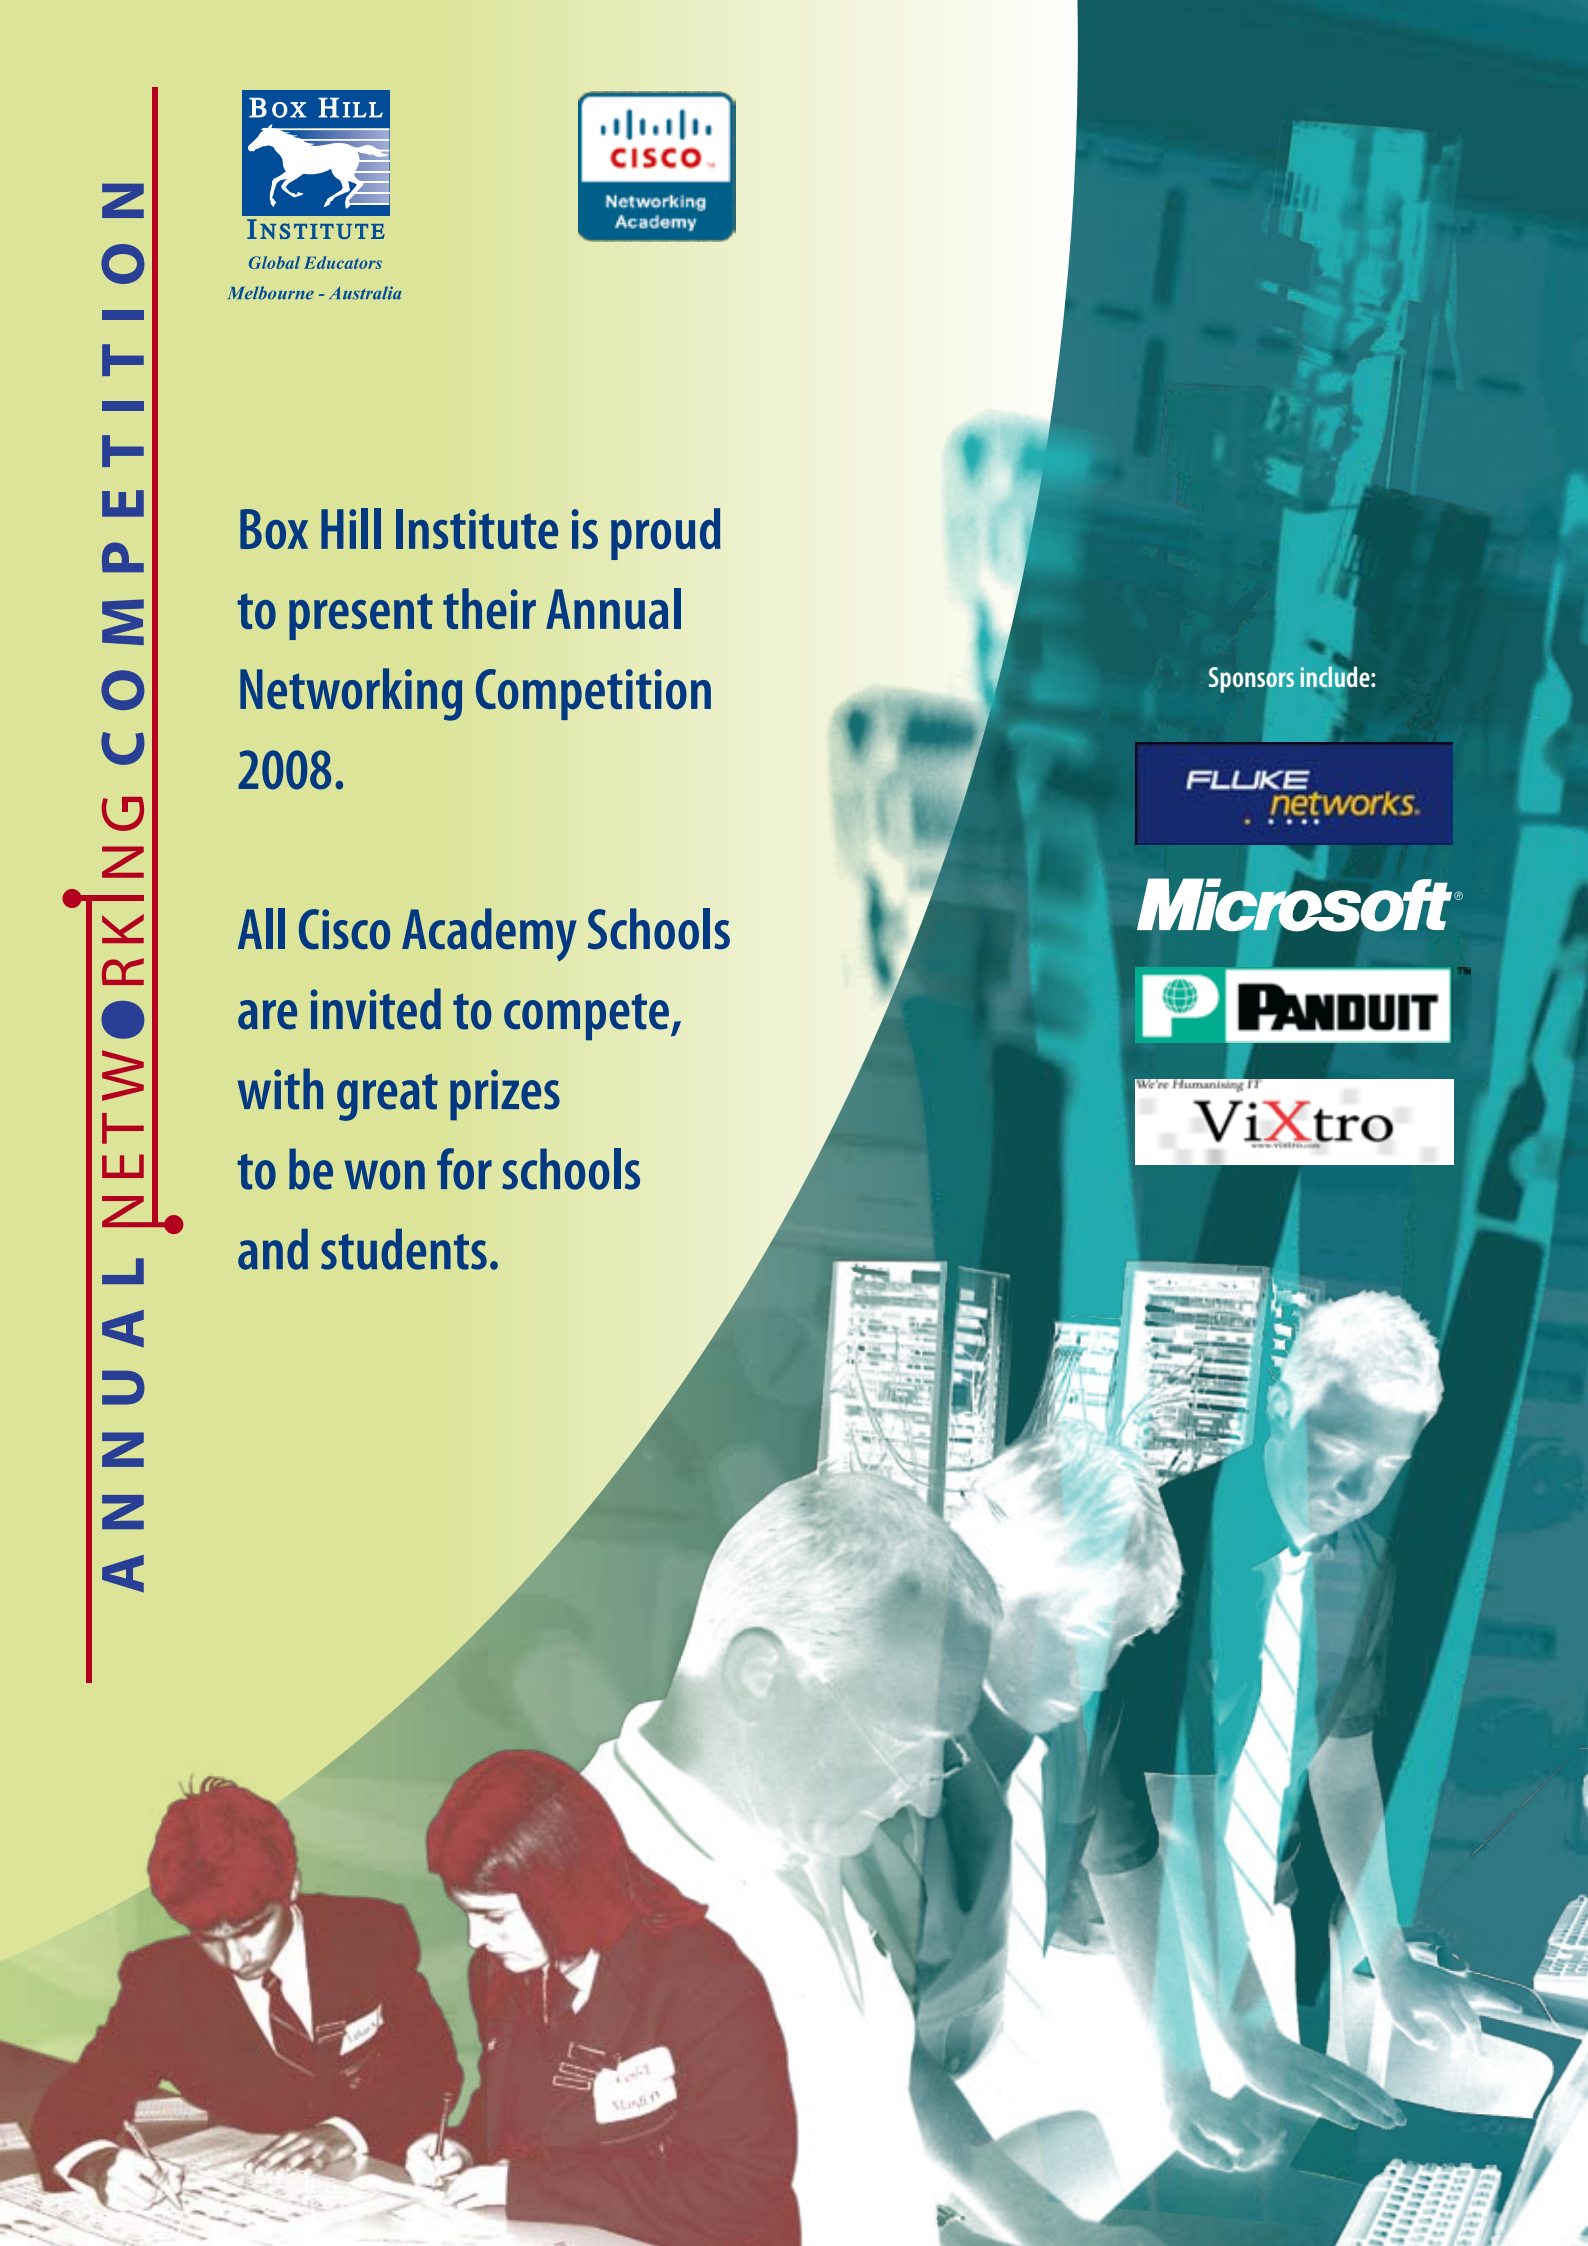
FLUKE networks

Microsoft

PANDUIT

We're Humanising IT
ViXtro



ANNUAL NETWORKING COMPETITION

Who are we?

Box Hill Institute is the only Super Cisco Academy Training Centre (Super-CATC) for the Asia Pacific area.

As the Super-CATC, Box Hill Institute is responsible for quality assurance for Cisco Academies and handles the 'training the trainers' programs all over the Asia Pacific region.

As the 'Victorian Specialist Centre for ICT' Box Hill Institute also offers the high quality training in ICT, ranging from certificates and diplomas to bachelor degrees.

Who's invited?

Competitors:

All local Cisco Academies schools are invited to compete. Teams are made up of 4 students. All competitors must be currently COMPLETING their CCNA training.

Audience:

- Teachers
- Parents
- Friends/Family
- Sponsors

Why compete?

Students:

- Hands-on exposure to industry level networking equipment.
- A fun activity, with great prizes to be won for all place getters.
- One/two free session at Box Hill Institute's state-of-the-art facilities with the highest level Cisco instructors in Asia Pac.
- Participation in the competition enables students to have their CCNA modules recognised as credits towards national Advanced Diplomas. This is also additional training for those wishing to complete their CCNA certification.
- Great to have on a Résumé.

Teachers:

- An opportunity for some professional development, having access to a large knowledge base at Box Hill Institute.
- A fun opportunity to network with colleges from other academies.
- Build relationships with Box Hill Institute leaders.

Academies:

- 1st, 2nd and 3rd place in the competition are officially recognised for their efforts with prizes, trophies and awards/certificates.
- A chance to obtain some valuable PR and exposure.
- A chance to differentiate your academy from competitors.
- A chance to have academy excellence recognised.

How it works!

1. There are two separate parts of competition:
   - CCNA 1 and 2
   - CCNA 3 and 4

   Students can choose to enter one or both parts.
2. Students register for the competition, either through their academy or directly to Box Hill Institute.
3. Students come to Box Hill Institute for one/two sessions with our instructors.
4. Teams then compete in the networking competition.
5. Place holders will be presented with awards and prizes.
