

OPEN DAY 2006

Dear Technology Teachers,

Please encourage your students who are interested in a career in Design or Technology to visit the School of Design (TAFE) in building 71 and 94 on our city campus on 13th August 2006 to get a better understanding of the opportunities and differences in programs available to V.C.E. Design and Technology Students.

The School of Design (TAFE) is a new school formed in 2005 at RMIT and offers a wide range of well established and highly regarded Design and Technology related TAFE programs.

If any of your students are considering higher education programs in design next year, many of the programs within the School of Design (TAFE) have articulated pathway agreements with RMIT Degree programs

With over 1000 students applying for RMIT University's Architecture and 500 for Industrial Design degrees many students will miss out on their top preferences. Encourage the students to look at alternative, back-up options through TAFE especially in Building Design, Furniture Technology and Product Design Diplomas.

RMIT's Open Day will be publicised in the press over the next couple of weeks. Attached is a sneak preview of the furniture programs we offer to help students understand and consider the difference between the two Diplomas we offer.

Open Day 10 am to 4pm on Sunday 13th August. The School of Design (TAFE) is located in buildings 94 and 71 in Cardigan Street on the City Campus.

Hope to see you there.

If you have any other question do not hesitate to email me on julian.pratt@rmit.edu.au
