

Safe Use of Machinery for Technology Teaching

About the course

The purpose of this course is to train woodwork and metalwork technology teachers in the safe operations and basic maintenance of woodwork and metalwork machinery. This course is accredited by DEECD and training is provided by The Gordon - Constructing Futures Enterprise.

Course content

Course content incorporates three modules

1. Module 1 (VU21279) Investigate the OHS responsibilities of technology teachers
2. Module 2 (VU21280) Safely Operate and Maintain Wood Working Machines (Woodwork Teachers)
3. Module 3 (VU21281) Safely Operate and Maintain Metal Working Machines (Metalwork Teachers)

Note: All teachers need to undertake module 1. Only woodwork teachers are required to undertake module 2, and only metalwork teachers are required to undertake module 3.

Course dates 2014

Module 1 To be completed in own time

Module 2 Woodwork unit:

- 17 and 18 February 2014
- 21 and 22 July 2014

Module 3 Metalwork unit:

- 19 February 2014
- 23 July 2014

Course cost

Module 1: \$50 **Module 2:** \$330 **Module 3:** \$200
