## VCE IT Days Study Design: Units 1- 4

### Outcomes Focused Professional Development

#### Overview

The VCE IT study design has been in place throughout 2007.

VITTA are offering two outcomes based PD days to help teachers continue to implement the study design with their students.

Two separate days have been chosen to allow a detailed and focused analysis of each of the outcomes in Units 1 to 4. Ideally teachers will attend both days so they develop a deeper understand of all outcomes.

Units 1 and 3 are being covered in early term 1, so teachers can get this learning under their belt in time for the new school year.

In recognition that Units 2 and 4 are taught before the end of term 3, the second PD day is scheduled for the second last week of term 2.

These days will suit both teachers new to VCE IT and experienced IT teachers still learning about the study design.

#### Fees

Ideally teachers will attend both days. The fee structure has been designed to make this option the best value for money.

Even if you don't teach a particular unit feel free to attend to familiarise yourself with what your students will learn in prior or later years to yours.
