

# START A CAREER IN ICT

*for Students*

**SATURDAY 22ND MAY 2010 – 9.30AM TO 12.30PM**

“Start a Career in ICT” event is an initiative of VITTA and the Australian Computer Society. Students who are selecting their electives should consider the diverse career choices available to young people in information and communications technology. This event is designed for students from year 9 onwards, teachers and parents and introduces experts in the field from television and digital screen media, games, astrophysics, supercomputing, eforensics, cybercrime, sustainability, 3d modelling, business and much more.
