

The Swinburne Cyber Security Club presents:

Building a Personal Security Brand

September 9, 2013 (Monday), 6:30 PM

Venue: Lecture Theatre EN413, EN Building
Swinburne University Hawthorn

Guest speaker:

Duncan Alderson, Security Manager,
PriceWaterhouseCoopers

[PriceWaterhouseCoopers](#) is the world's largest professional and finance services firm. Duncan is a Security Manager with lots of experience in the industry and will be talking about building a personal security brand, his experiences in the industry and will be around for questions and discussions after the presentation.

About Swinburne Cyber Security Club:

Goals:

- To prepare a Swinburne team for CySCA 2013 and 2014
- To train/educate people in computer security
- To disseminate knowledge of ICT to the general community and foster innovations in computer security
- To engage with schools, TAFEs and other universities.

The Committee and CDUC/CySCA participants will be meeting weekly, and we will hold presentations on a regular basis for the whole club and members of the public on various security topics. Guest speakers include lecturers and industry experts.
