

## Venue & How To Get There

Melbourne Park Function Centre is located alongside Rod Laver Arena at Melbourne Tennis Centre with Melbourne's most convenient and best facilities for the event. For details visit: [www.electronex.com.au](http://www.electronex.com.au)

14 - 15 September 2011

Wednesday 10am - 6pm - Thursday 9am - 5pm

## SMCBA Design & Manufacturing Conference

Want the latest solutions to drive your manufacturing business?

This year's Conference features the latest solutions from international guest speakers who are responding to global engineering challenges!

Held within the exhibition environment, this major international programme is the best in years, covering every aspect of electronics design and integration to give you a competitive edge in the challenging Australian manufacturing environment!

The program covers all aspects of future electronics design and integration for leading edge product development.

AUSTRALASIAN EXHIBITIONS & EVENTS PTY LTD

Proudly sponsored by

Assembly Specialists Ltd.

# FREE VIPTICKET

Australia's Largest Electronics Expo  
Connecting the Electronics Industry

# Electronex

electronics design & assembly expo

A world of new technologies & solutions  
to give electronics & manufacturing  
professionals that competitive edge!

In association with

Melbourne Park Function Centre  
14-15 September 2011  
[www.electronex.com.au](http://www.electronex.com.au)

BUSINESS ONLY

## Make New Connections

In the fast paced world of electronics design for product & systems manufacturing this two day exhibition and major conference is the best opportunity to compare and source all the latest products, technologies and solutions to gain a competitive business edge.

**At last! Electronics, OEM, scientific and industrial professionals** applaud the return of a specialised event to service their procurement requirements for design, product & system assembly, manufacture, R & D, test, measurement, maintenance and distribution.

### Showcasing the future path and technologies for production electronics!

The electronics industry has come together at Electronex to showcase the latest products, systems and new technology. Meet & discuss your requirements with industry experts. Find the smarter, faster, smaller technologies to drive future business!

## What's On Show?

- Assembly Equipment
- Active & Passive Components
- Board Cleaning & Maintenance Systems
- Cables, Connectors, Harness & Wiring
- Contract & Turnkey Manufacturing
- Design Software, Hardware, CAD
- Displays, Industrial PCs, Panels and TFTs
- Education & Training
- Embedded Computers & Systems
- Inspection & Identification Systems
- PCB Design, Test & Fabrication
- Plastic & Metal Enclosures
- Service, Maintenance & Repair
- Solder Systems & Consumables
- Test & Measurement

## Who Should Attend?

**Electronex has new products and solutions for professionals in the following areas:**

Automotive & Transport  
Automation & Systems  
Design  
Aviation  
Broadcast & Communications  
Contract Manufacturers & OEM's  
Defense  
Education  
Government

Manufacturing  
PCB Design, Assembly & Manufacturing  
Research & Development  
Scientific, Biological & Medical  
Service, Repair & Maintenance  
Test & Measurement  
Utilities

**Register Online Now!**

## Who you will see

### Over 85 leading industry suppliers

Active Components  
Agilent Technologies  
Allied Data Systems  
Alpha & Omega Semiconductors  
Altronic Distributors  
APEX Electronics Ltd (NZ)  
Assembly Specialists (NZ)  
BCAD Board Design Solutions  
Bondline Static Control Solutions  
CadSoft (EAGLE)  
Comulab  
Cryonomic (Aust)  
DDC - Data Device Corp  
DesignsPark  
Elabo / Electrolube  
Electronics News  
element 14  
Embedded Logic Solutions  
Emona Instruments  
Energy Micro  
Entech Electronics  
Erntec  
ERSA /EVOC  
EVS International  
GFal Accoustic Cameras  
Glyn Hi-Tech Distribution  
GPC Electronics  
GW Instek  
HAKKO  
HK Wentworth  
HW Technologies  
Hammond Electronics  
Hawker Richardson  
Hetech Pty Ltd  
IMP Electronics  
Ingun Test Probes & Fixtures  
IPTE Test & Production Automation  
Kobot Systems  
LeCroy Products  
LEICA Microsystems  
LINX Technologies
