

**AKORN is pleased to announce that through a special collaboration with
ROBOGALS**

**we are able to offer an opportunity to your school to participate in a
ROBOTICS WORKSHOP and COMPETITION**

- Dates: **Tuesday 26 February**
- Venue: **University of Melbourne – Parkville Campus**
School of Engineering – Specific Room Details to be advised
Time: 9:15 am – 2:30 pm
- Who: The opportunity for **one team of four Year 9 or 10 girls** per school interested in learning about Robotic Engineering while engaging their thinking and reasoning skills in a fun hands-on environment
- Cost: \$175 per school – covers program, morning tea, lunch, all materials

WHAT IS IT?

Creative Innovative Challenging Fun Thinking

Akorn and the Melbourne Chapter of Robogals are excited about working together to offer these opportunities for girls.

This fun hands-on day will provide information about various disciplines of engineering and some of the many opportunities it offers to females. The day will start with an information session followed by a robotics workshop. The final segment of the day will be a series of challenges with increasing levels of difficulty. Each workshop session will be themed. February theme – **Secret Agents** programming adventure.

Participation is limited to the first nine schools responding. If you would like to increase the awareness and knowledge of engineering, science and technology to your students through this program please contact:
