

**AKORN is pleased to announce that through a special collaboration with
ROBOGALS**

**we are able to offer an opportunity to your school to participate in a
ROBOTICS WORKSHOP and COMPETITION**

- Dates: Thursday 19 **September**
- Venue: **University of Melbourne – Parkville Campus**
School of Engineering – Specific Room Details to be advised
- Date: Tuesday – 26 November 2013 - **Geelong** – Sacred Heart College
- Time: 9:15 am – 2:30 pm
- Who: The opportunity for **one team of four Year 9 or 10 girls** per school interested in learning about Robotic Engineering while engaging their thinking and reasoning skills in a fun hands-on environment
- Cost: \$165 per school – covers program, morning tea, lunch, all materials

WHAT IS IT?

Creative Innovative Challenging Fun Thinking

Akorn and the Melbourne Chapter of Robogals are excited about working together to offer these opportunities for girls.

The fun hands-on days will provide information about various disciplines of engineering and some of the many opportunities it offers to females. The day will start with an information session followed by a robotics workshop. The final segment of the day will be a series of challenges with increasing levels of difficulty. Each workshop session will be themed. Workshop theme – Secret Agents programming adventure.

Participation is limited to the first nine schools responding for each date. If you would like to increase the awareness and knowledge of engineering, science and technology to your students through this program please contact:
