# invitation

## alice parker - works on paper

'works on paper' is about the ordering and exploration of space. The project was initiated through the inquiry of space and the elements that lie within space - colour, line, shape and texture. This inquiry and exploration resulted in playful and complex paintings that extend the boundaries of the established patterns and relationships of painting and drawing.

please join us for drinks **friday 18 january, 2008 6-8pm**

clement meadmore gallery, 220 ingles street, port melbourne
