

VITTA Practice Exams – 2007

An updated resource from VITTA for teachers of VCE IT

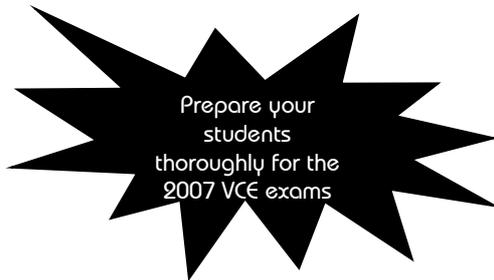

These Practice Exams cover all aspects of the courses and allow schools to simulate the experience of the end of year exams.

The exams are relevant to the current IT study design and are available for Software Development, Information Technology Applications and Units 1 and 2 IT.

There are **four** trial exams for SD, ITA and **two** for Units 1 and 2 each including:
⌘ suggested solutions ⌘ teacher notes

The detailed teacher notes include responses for each question and hints to answering the questions – invaluable for class discussion!

Exams are supplied in an electronic format (IBM/Word 2000 – other formats available on request), with a licence to reproduce as many copies as required for use in the purchasing school.

Exams will be EMAILED in .zip format unless otherwise requested.
