

Input/Output Devices Research Assignment

How Stuff Works.

Select:

- 2 x Input devices (keyboards, mouse x 2, joystick, scanner, microphone, touch screen...)
- 2 x Output Devices (printers, screens x 2, speakers...)

And answer the following question: **How does this device work?**

Guidelines:

- Use a dot point sequenced explanation style.
- Use diagrams or animations.
- Approx ½ page in length.
- Don't get super detailed but do not be too general either.
